# Welcome

# FALL FEST ANNUAL PRODUCTION SALE

We would like to give our consignors a GREAT BIG THANK YOU, without them these sales would not be possible.

Both the ETSSA (which is the oldest area Association in Texas) and HOTSSA are steeped with a long-standing tradition of producing top quality cattle that will perform in any type of herd that a producer might have. Our two Associations represent some 2000 head of cattle. These cattle range from Fullblood Fleckvieh, Purebred Red and Black Simmental, Purebred Simbrah and Red and Black SimAngus.

Our Associations were built on honesty and integrity so you, the buyer, can purchase with

confidence. Our goal is to produce cattle that will go to work in your herd to help improve the great start you already have.

Our members and boards would like to Thank All of you for joining us for our Annual Sale. If you would like to become a member of either of our great associations, please don't hesitate to contact us. We would love to have you join us.

*Thank You,  
Keith, Lou and Kenneth*

## **HOSTED BY EAST TEXAS SIMMENTAL/SIMBRAH HEART OF TEXAS SIMMENTAL/ SIMBRAH ASSOCIATIONS**

### **SALE DAY NUMBERS**

**Lou Langford: 214-801-2966**

We are proud to bring you another exciting LMC Pioneer Woman daughter, this time from the heart of our embryo transfer program. Starlet's sire is the popular CNS Pays to Dream bull, making her a paternal sister to the LLSF Pays to Believe and SC Pay the Price herd sires. What a genetic package here when you bring in +LMC LF Ambassador, LMC WFC Ms. Dream Girl and LMC EF JW Black on top of all the successful Simmental cattle on the top side. So many success stories in and out of the show ring back this promising babydoll's future. Starlet is eligible for the La Muneca Junior Program, which includes the Superbowl, LMC Futurity and much more. Bid with confidence, these Pioneer Woman daughters are making big things happen in Simbrah.

In keeping with the tradition of selling our best we proudly offer you Wonder Woman. She is out of the prolific LMC Pioneer Woman donor who is a 3/8 Simmental x 5/8 Brahman sired by the popular +LMC LF Ambassador Polled Brahman bull and out of the famous LMC WFC Ms. Dream Girl Simbrah donor. Her sire is a Yardley Utah son out of the productive JSSC Yovela donor which brings in some of Simmental's most successful genetics in SVF Steel Force and CNS Dream to name a couple. Wonder Woman is eligible for the La Muneca Junior Program and should prove to be a good buy at any price. Do not miss this solid Simbrah opportunity! Sellers are retaining the right to two (2) aspirations on LMC JSSC Wonder Woman 245K to be taken at seller's expense and buyer's convenience.

GCCS Promise is a result of generations of laser-focused breeding to produce high-quality cattle. This heifer is the result of my 38 years of research and is built on quality cattle from long-standing breeders such as RX Simbrah, La Muneca, Buzzard Hollow, and Pine Ridge. Offspring in my program have been meticulously culled to get optimum confirmation, udders, maternal traits, docility, and carcass traits. If the show ring is where you want to go, her full sister won 2 buckles for her owner! There are many show champions in her pedigree. She is polled, long-bodied, very gentle has a wonderful expression of muscle while retaining femininity.

Lookout Star checks quite a few of the boxes for the qualities to be a sim-angus herd sire. Study his pedigree, you will find the homework has been done on predictability and performance by stacking some of the most notable pedigrees in the Simmental and Angus industry together in a calving ease package. Once you have studied his pedigree, you will find Lookout Star is packed full of red meat, docile and easy on the eyes.

Langford's Simmental's is offering 2 straws of Sunny Valley Sargent 24S. All proceeds of this lot will be donated to the Fall Fest Sale to help cover costs associated with the sales production in an effort to keep the sale a flat rate per live lot sale. In today's environment flat rate sales are almost nonexistent. Semen on Sargent is very limited and this opportunity may never come around again. He has been one of the go to bulls for calving ease, quality of females for a long time. Semen is going to be on site during the sale. If the semen is not picked up on sale day it will be at Champion Genetics, one of Fall Fest's Proud Sponsors, and shipping arrangements can be coordinated with them. 214-801-2966
