Welcome

Carolinas Brahman Breeders 46th Annual Sale

For more than four decades, the Carolinas Brahman Breeders Association Sale has brought together cattlemen, breeders, and friends from across the country to celebrate one thing — great Brahman cattle.

As we prepare for the 46th Annual CBBA Sale, we are proud to continue a tradition that has stood the test of time

and remains the longest-running Brahman sale in the United States. This event represents years of dedication, progress, and a shared passion for the Brahman breed.

This year's offering is one we believe truly reflects the strength and direction of our breeders. From elite seedstock opportunities to powerful commercial females and outstanding F-1 genetics, there will be quality available for every type of operation.

Most importantly, this sale is about the people. The friendships, fellowship, and support surrounding this event are what continue to make it special year after year.

On behalf of the CBBA and my family, we sincerely thank our consignors, buyers, and supporters for helping make this event possible. We invite you to join us June 6, 2026 at Laurens Livestock in Laurens, South Carolina for another great chapter in the history of this sale.

Philip Gilstrap

Philip Gilstrap, President

TERMS & CONDITIONS

Terms of the sale are cash or check to the Clerk at the conclusion of the sale.

Bidding: Each animal will be sold to the highest bidder. The auctioneer will settle any dispute as to the bid. Each animal will be at the purchaser's risk as soon as sold, but will not be delivered until settlement has been made.

Breeding Guarantee: Every animal in this sale is, to the best of the breeder's knowledge, free from any disease and are all sound. If an animal fails to breed after a trail of six months, it may be returned to the seller in good condition. Seller reserves the right to try said animal for a trial of six months and if it proves to be a breeder, return it at the buyer's expense. If the animal proves to be a non breeder, an animal of comparable rank or credit on the purchase of another animal will be offered. Cows with calves at side are considered breeders with no further guarantee.

Certificate: The certificate of registration will be mailed to the buyer.

Announcements: Announcements from the auction box will take precedence over the printed information in this catalog. All cattle will be sold by lot numbers as announced by the auctioneer.

Health: All animals sell with an interstate health certificate.

Liability: All persons who attend the sale do so at their own risk and owners and sale managers assume no liability, legal or otherwise, for any accidents that may occur.

Rights and Obligations: The terms and conditions of this sale shall constitute a contract between buyers and sellers of each animal and shall be equally binding upon both. Neither the owner, the sale manager, nor any person connected with the management of the sale assume liability, legal or otherwise.

ALL GUARANTEES ARE BETWEEN THE BUYER AND THE SELLER.

Trucking: There will be people available to haul. Numbers will be made available sale day.

Philip Gilstrap: 864-506-0463

Asa Lee: 601-916-6138

LOT 1 - PB POLLED KASON 153/4 (P) - PINNACLE BRAHMANS

DOB: 10/29/2024 • ABBA# 1081514 • RED • BULL • PHN: 153/4

SIRE	#NIOKA RADAR (PS) (1035)	{ (FERN HILLS LEXUS 1923(PS)) (NIOKA MELISSA (H)) (685)	{ (LANCEFIELD D ROBINSON 416) (FERN HILLS VERSACE 1561) (ABBOTSFORD RUBEN (ET) (PS)) (CHEROKEE MI HYDERABAD (H))

PB Polled Kason 153/4 (P) is a soon to be breeding age bull that we showed. This low Birth weight bull is rugged in his build, bold ribbed, heavy muscled, and dark red. Polled Kason is the result of a proven mating that also produced our top show bull and exciting herd sire prospect, PB Polled Hammer 153/4 (PP). The dam to 153/4 is one of our former show winners and now young proven HOMOZYGOUS POLLED donor with 8 registered progeny, PB Dixie 106/1 (PP). Dixie is the result of the proven mating combining +Nioka Pablo and LMC LN Polled Helena 132/9(P). The sire to 153/4 is an Australian bull, #Nioka Radar, whose pedigree does not include any American genetics making his offspring valuable from a genetic diversity standpoint. This is a bull that we think can add value to any operation based on his phenotype, pedigree, and polled status.

LOT 2 - PB POLLED LOUISE 164/5 (PP) - PINNACLE BRAHMANS

DOB: 6/24/2025 • ABBA# 1088910 • RED • SHOW HEIFER • PHN: 164/5

SIRE	#NCC RED ODYSSEY (IVF) (P) (3739)	+ JDH MR ELMO MANSO (309/4) (NCC RED OPAL 056 (IVF) (P))	{ (+) JDH SIR LAW FORD MANSO (616/6) \$ JDH LADY ELLIS MANSO (178/2) (ADAMAC 2125 (H)) (LANES CREEK RED OPAL 056 (AI))

PB Polled Louise 164/5 (PP) is a HOMOZYGOUS POLLED female that will produce 100% polled offspring. The sire to 164/5 is #NCC Red Odyssey who was raised by Nobbs Cattle Company in Australia and successfully used both there and in the USA. The progeny by Red Odyssey have been show winners, top sellers, and most importantly proven producers. We used Red Odyssey due to the success of his offspring and powerful build but most importantly the outcross Polled Red Brahman genetics that he offers. The dam to Polled Louise is PB Belle 104/1 (PP) who is Homozygous Polled, a former show winner, and now a proven donor. PB Belle 104/1 (PP) is the result of a proven mating combining +Nioka Pablo and LMC LN Polled Helena 132/9(P). Don't miss this female that can be a cornerstone POLLED breeding piece!

LOT 3 - PB POLLED LAURA 170/5 (P) - PINNACLE BRAHMANS

DOB: 9/15/2025 • ABBA# 1094248 • RED • SHOW HEIFER • PHN: 170/5

SIRE	#NCC RED ODYSSEY (IVF) (P) (3739)	+ JDH MR ELMO MANSO (309/4) (NCC RED OPAL 056 (IVF) (P))	{ (+) JDH SIR LAW FORD MANSO (616/6) \$ JDH LADY ELLIS MANSO (178/2) (ADAMAC 2125 (H)) (LANES CREEK RED OPAL 056 (AI))

PB Polled Laura 170/5 (P) is a polled halter broke show prospect out of LMC LN Polled Vidalia 169/9 (P) who is one of our foundation cows. Vidalia is a daughter of LMC LN Polled Pappo 136/6, one of the most popular Red Brahman Sires in the world due to the success of his offspring, and out of LN Polled Rayne 191/1 (P) who was the top polled donor for La Negra Cattle Company and now Drake Farms. The sire to Polled Laura is #NCC Red Odyssey who is an Australian born sire that has been used successfully in his home country and the USA. Red Odyssey is an outcross to many of the widely used polled sires in the USA being sired by +JDH Mr. Elmo Manso and a top cow for Nobbs Cattle Company.

LOT 4 - WR MS RED VELVET 777 - JM CATTLE

MR. BAR LLL UNCLE SAM [96/3]
MS BAR LLL SALENA 88/1
ST MR TNT 215
MISS CL'S LLL OVERTIME [56/7]

WR Ms. Red Velvet 777 is a female that commands attention the moment you lay eyes on her, offering a rare combination of presence, elegance, and genuine breeding value that separates her from the ordinary. She is built with a strong, functional skeleton and a level, correct design that ties together balance and femininity with the power and body dimension needed to remain productive for years to come. From the ground up she reads as sound and athletic, moving with ease and flexibility while still carrying the depth, rib shape, and capacity that define a high-quality maternal female. Red Velvet blends that show ring appeal with real-world usefulness, making her the kind that can compete at a high level while also transitioning into a cornerstone brood cow within any serious program. Her pedigree only strengthens her value, being sired by LMC LN Rio Rojo 400/4, an own son of Mr. H Hampton Rojo 201/1 and out of Miss DF Rose 99/9, an own HK Polo 757 (P) daughter, and backed on the bottom side by Ms. BAR LLL Xena 172/1, a daughter of Mr. BAR LLL Apache 135/8, stacking together proven genetics known for quality, consistency, and performance. As an added addition, this female will come to the sale 7 months bred to JDH Charlie Manso 781/8. When you combine her design, structure, and genetic backing, WR Ms. Red Velvet 777 stands out as a versatile female with the ability to fit multiple roles—whether as a show ring contender, donor prospect, or foundational breeding piece—making her a strong long-term investment for any progressive cattle program.

LOT 5 - JDM LADY QUINN MANSO 288 - JM CATTLE

{ JDH LADY CLEO MANSO (254)

JDM Lady Quinn Manso 288 brings together an impressive blend of look, power, and proven genetic backing that positions her as one of the more intriguing young females to surface in this offering. She is the kind that immediately reads with balance and completeness—extra feminine through her front one-third, yet bold in her rib shape and center body with the depth and width needed to stand the test of time in any serious breeding program. Structurally correct, sound on her feet and legs, and built with the kind of skeletal quality that holds up in both the pasture and the show ring, Quinn offers a unique combination of presence and practicality that is hard to assemble in one package. Her sire, Mr. BER Grover 678, was a multiple-time winner during his show career with the McMullen family and continues to carry forward a pedigree backed by influence, being sired by +*Anldspr Wisky Fiv, an own son of (+)JDH Sir Lawford Manso, adding even more depth of breed character and proven lineage. On the bottom side, Quinn traces to Miss V8 750/7, a direct daughter of Mr. V8 675/6 and further backed by the influence of a +Mr. V8 901/4 daughter in Miss V8 261/7, stacking generations of consistency, fertility, and performance-oriented genetics that the V8 program is known for worldwide. When you tie her pedigree together with her physical design and overall presence, JDM Lady Quinn Manso 288 stands out as a female with genuine long-term value, offering the kind of versatility to compete today and transition seamlessly into a donor or foundation female tomorrow. Opportunities like this don't come around often, making Quinn a powerful addition for any breeder looking to elevate quality and secure genetic progress—don't overlook JDM Lady Quinn Manso 288.

{ JDH LADY MINERO MANSO (514/1)

JDM Lady Libby Manso 281 is the kind that demands attention the moment she enters the ring with her striking presence, powerful build, feminine look, and proven genetics stacked from top to bottom. This elite female combines eye appeal, structural correctness, depth of body, and the true brood cow presence that serious breeders are searching for in today's market. She is smooth made, practical in her design, and built to not only compete at a high level in the show ring, but also go on to become a productive and valuable cornerstone female in any progressive Brahman program. The pedigree behind Libby only adds to her value and future potential as she is sired by Mr. BER Grover 678, an own son of the legendary +*Anldspr Wisky Fiv and out of the outstanding Miss BER Louetta 482, bringing together genetics that continue to make a lasting impact throughout the breed. On the bottom side, she is backed by DF Ms. 367/4, an own daughter of the Register of Renown herd sire and many-time champion +DF Mr. Snowman 91/9, adding even more consistency, predictability, and proven performance to this exciting female. With her added rib shape, maternal look, balance, and overall quality, JDM Lady Libby Manso 281 represents the complete package and the kind of opportunity that does not come around often. Whether you are searching for your next competitive show prospect, a future donor female, or simply a powerful addition to elevate your breeding program, Libby has the pedigree, presence, and quality to get the job done. Don't miss your chance to own one of the standout females to sell — JDM Lady Libby Manso 281!

LOT 7 - MR L2 LANDS PRIDE 349 - L2 RANCH

JDH LADY MANSO 145/1 (145/1)
{ (+) JDH REMINGTON MANSO (784/2)
JDH LADY MANSO 255/9 (255/9)

Mr. L2 Lands Pride 349 is a bull that stands out as a true working sire prospect, combining rugged durability, practical design, and the kind of dependable performance breeders can build a program around. He is bold made and stout constructed, carrying natural thickness and shape through his top, rib, and hindquarter while still maintaining a

clean, functional look that keeps him smooth and correct in his overall design. 349 is the kind that reads with true herd sire presence—masculine, powerful, and expressive in his build—yet still refined enough in his structure to remain athletic and sound on the move. From the ground up, he is backed by a solid skeleton and flexible stride, giving him the longevity and efficiency needed to handle real-world conditions while continuing to produce consistency in his calf crop. His pedigree adds another layer of confidence and predictability, being sired by JDH Mr. Manso 359/1, a son of JDH Mr. Manso 423, and out of JDH Lady Manso 147/1, a daughter of JDH Nieto De Manso 646/3 and further influenced by the proven genetics of (+)JDH Remington Manso 784/2, stacking together generations of respected Brahman influence known for maternal strength and functional quality. When you put it all together, Mr. L2 Lands Pride 349 is the kind of bull that brings reliability, consistency, and practical improvement to a cow herd—built to sire functional, marketable offspring while holding the quality and balance needed in progressive programs. For breeders looking for a dependable herd sire that can add substance and stability without sacrificing structure or quality, Mr. L2 Lands Pride 349 is the kind that earns his place and keeps it.

LOT 8 - MISS L2 LANDS PRIDE 347 (S) - L2 RANCH

MS DEX MADISON 281/9 (281/9)
{ + JDH MR MANSO 638 (638)
JDH LADY MANSO 387 (387)

Miss L2 Lands Pride 347 (S) is a female that immediately presents herself as a practical, high-quality breeding piece with the kind of depth, balance, and maternal character that fits seamlessly into a progressive cow herd.

She is refined through her front third with a clean, attractive look, yet transitions into a bold ribbed, easy-fleshing center body that speaks to efficiency, fertility, and long-term productivity. Built correct at the ground with a strong, functional structure, 347 moves with ease and comfort while still maintaining the substance and body volume required to be a dependable, working brood cow in real-world conditions. She offers that ideal combination of eye appeal and usefulness—enough style to stand out in a pen, yet enough internal quality and cow power to hold her value and productivity over time. Sired by JDH Mr. Manso 359/1, an own son of JDH Mr. Manso 423 and out of an own daughter of Mr. Bo Dimayro Manso 818, she carries a pedigree grounded in proven consistency and functional type. On the bottom side, she is out of JDH Lady Manso 552/1, a daughter of ECC El Caporal 301 and further influenced by a +JDH Mr. Manso 638 “Sir Richard” daughter in JDH Lady Manso 207/1, stacking generations of maternal strength and dependable genetics. When you put it all together, Miss L2 Lands Pride 347 (S) is a female that brings versatility, longevity, and real-world value—one that can anchor a cow family, develop into a donor, or simply elevate the quality and consistency of any program she is a part of.

JCF MS RED STAR 103/2 (P) (103/2)
{ + MR H RED RHINO 765 (765)
+ SM MISS MARCIA (144)

HOF Polled Mr. Pickle (P) is a bull that offers a practical, no-nonsense kind of genetic influence built around function, reliability, and consistency, making him a strong option for breeders focused on long-term herd

improvement rather than short-term extremes. He is moderate, efficient, and correct in his overall design, carrying a sound, free-moving structure that allows him to travel with ease and remain productive over time. Pickle (P) is soft centered with natural body shape and capacity, giving him an easy-doing kind of build that ties directly into fertility, longevity, and cattle that hold up under real-world conditions. He reads as clean and uniform in his makeup, offering a steady, predictable type that can be used across a wide range of cow families while maintaining consistency and balance in his progeny. Instead of chasing extremes, he brings moderation, repeatability, and functionality—traits that truly matter when building a dependable, profitable cow herd. His pedigree reinforces that direction, being sired by DF Mr. Polled Cojo 2/2 (PP), an own son of #Brogo Gully 2254/0 and out of a daughter of LMC LN Polled Pappo 136/6 (PP) and LMC LN Polled Joella 41/0 (PP), stacking proven polled genetics with maternal strength and consistency. On the bottom side, he is out of CT Mr. 313/1, a son of Southern Mr. 23/17 (P) and out of a +Mr. H Red Rhino 765 daughter in Miss B-F 140/9, adding further depth of respected, functional lineage. When it all comes together, HOF Polled Mr. Pickle (P) is the kind of bull that steadily improves a program by adding structure, predictability, and real-world practicality while siring cattle that are easy to manage, long-lasting, and built for performance in any environment.

If you've been searching for that rare, black-pigmented female that truly checks all the boxes—look no further. HOF Ms Polled Black Ember (S) is the kind that turns heads immediately. Her deep, jet-black color, exceptional structure, and poised presence makes her an instant standout. She's built right from the ground up—square on her feet, clean in her lines, and exceptionally eye-catching. There's an undeniable presence about this heifer that draws you in for a second look. Her sire, Mr. MCC Polled Smoke 14/9 (P), is quickly becoming a household name, admired for his unique color, polled status, and powerful pedigree. Smoke has sired multiple high sellers, including a \$22,500 daughter, along with numerous show ring standouts. He's the product of breed royalty—sired by the legendary +S Polled Negro 626 and out of +Lady H Lisa Manso 947/7, the 2010 International Champion and dam of the 2022 International Champion Female. On the maternal side, her dam Lee's Miss Nicole Manso 106/0 is a proven, consistent donor known for producing calves with power, balance, and pigment. 106/0 is a direct daughter of Mr. V8 347/8, who himself is sired by the iconic +Mr. V8 458/7 "Noble," and out of a former show heifer resulting from the elite pairing of +TTT Suva Bob Manso and +Miss B-F 201/9. Black Ember's EPD profile further sets her apart—ranking in the top 5% for Yield Grade, top 15% for Scrotal and Frame Score, top 20% for Tenderness, and top 25% for Milk. With elite genetics, eye-catching presence, and performance data to back it all up, this female has serious donor potential. As an added bonus, Ember will come to the sale confirmed bred to DF Mr. Polled Cojo 2/2 (PP). If your program values rarity, style, and productivity, HOF Ms Polled Black Ember is a foundation female that can truly elevate your herd.

HOF Polled White Chocolate (P) is a heifer that stands out for her combination of elegance, functionality, and a pedigree that carries serious influence on both sides of her lineage. She is refined and attractive through her front third with a clean, feminine look, yet offers the depth of body and natural capacity needed to develop into a productive, efficient brood female. Built with a correct, functional structure, she stands on a solid foundation that allows her to move with ease and maintain balance and uniformity from the ground up. White Chocolate (P) has a quiet, broody presence about her that points toward longevity, fertility, and the kind of maternal strength that holds value in any breeding program. She is the type that blends look and practicality—enough eye appeal to turn heads, but enough substance and internal quality to make her useful in production for years to come. Her sire, +Mr. MCC Polled Smoke 14/9 (P), is one of the most recognized black Brahman bulls in the breed and is sired by Mr. +S Polled Negro 626, bringing in proven power and influence from a highly respected line. On the bottom side, she is out of Miss 4F Polled 147/1 (P), a daughter of SRS Joe Kid 185 and further backed by LMC ECC Polled X Factor 84/4 in Miss 4F Polled Victoria 23/7, stacking generations of functional, polled genetics known for consistency and maternal strength. When it all comes together, HOF Polled White Chocolate (P) is a versatile young female with the kind of quality, pedigree, and practicality to fit multiple roles—whether developed as a foundation cow, a donor prospect, or a long-term asset to strengthen uniformity and performance within a herd.

LMC Polled Muneca 102/9 (P) is the kind of female that brings instant excitement and real confidence to a program, combining a powerful presence, functional build, and proven polled genetics into one complete package. She is bold and correct in her overall design, offering a clean, attractive front end that transitions into a deep-bodied, easy-fleshing center with the kind of volume and capacity needed for sustained production and long-term profitability. Structurally she is sound and dependable, standing on a strong foundation with a free, comfortable stride that allows her to remain efficient and functional in any environment she is asked to perform in. 102/9 blends eye appeal with true utility—she has enough style to stand out in a pen, yet enough maternal strength, fertility, and practicality to be a long-term contributor in any breeding program. She is the type that adapts easily, consistently raises quality cattle, and maintains a steady level of performance generation after generation. Her sire, LMC FCC Polled Amigo 204/4 (P), a son of the influential +LMC LF Ambassador 700/7, brings proven structural integrity and maternal reliability into the pedigree, while on the bottom side she is out of LMC Polled Ora 149/7, a daughter of KR Coro 8 Ponci Manso, adding another layer of functional, production-minded genetics known for durability and cow power. As an added bonus, 102/9 will sell with a HOMOZYGOUS POLLED heifer calf sired by LMC Polled Stuntman 30/0 (PP), further enhancing her value with immediate maternal investment and genetic predictability. When it all comes together, LMC Polled Muneca 102/9 (P) is the kind of female built to strengthen a program through consistency, fertility, and functional quality—offering the kind of dependable genetics and real-world performance that serious breeders can build around.

DMC Polled Smokin Charlotte (P) is a female that brings together a rare blend of maternal strength, structural integrity, and functional design that makes her an easy fit in both progressive and practical breeding programs. She is smooth made and well balanced, offering a clean, feminine front end that transitions into a deep-bodied, easy-doing center with the kind of capacity and softness needed to stay productive over time. Charlotte is built with a correct, flexible structure from the ground up, allowing her to travel with ease and maintain soundness while still holding the body and rib shape that drive fertility and longevity in a brood cow. She is not an extreme type in any one area, but instead offers a steady, reliable kind of quality that helps stabilize a herd and improve consistency generation after generation. Her pedigree adds significant weight to her value, being sired by +TJF Mr. Smokin Gun 109/7, one of the most influential sires in the breed with over 700 registered progeny known for quality and performance, and out of Miss 4F Polled Grace 106/0 (P), an own daughter of +Mr. V8 279/7 (P) and further backed by an LMC ECC Polled X Factor daughter in Miss 4F Polled Victoria 23/7, stacking together proven maternal lines known for productivity and function. As an added advantage, Charlotte sells confirmed bred to LMC Polled Stuntman 30/0 (PP), giving the buyer immediate forward value and added genetic potential. When it all comes together, DMC Polled Smokin Charlotte (P) is the kind of female that quietly elevates a program through consistency, fertility, and practical performance—making her a dependable, production-minded investment that will pay dividends long term.

DMC Lady Nora 11/5 (S) is a female that brings together a soft, refined look with a practical, functional build that makes her a versatile and dependable addition to any breeding program focused on consistency and maternal strength. She is smooth designed and feminine through her front third, carrying an elegant presence that blends into a moderate, well-balanced body with enough depth and natural capacity to support long-term production without excess. Nora moves with ease and comfort, maintaining a level, tidy outline that reflects structural correctness and a low-maintenance kind of efficiency from the ground up. She is the type that doesn't rely on extremes or flash, but instead offers steadiness, adaptability, and a calm, workable design that fits a wide range of management systems. Her value is found in her practicality—she is easy to handle, easy to mate, and built to generate functional, useful females that can maintain consistency across a herd over time. Sired by +S Mr. Polled Negro 626, an own son of +JME Mr. Suva Crat 225 and out of a daughter of +Mr. H Maddox Manso 684 and +Lady H Lisa Manso 947/7, she carries a pedigree rooted in proven influence and maternal reliability. DMC Lady Storm 1/6 (P) is a female that truly elevates a program the moment she is seen, combining elite power, genuine presence, and a level of completeness that makes her hard to overlook in any setting. She is bold constructed, wide based, and impressively massive in her overall build, carrying exceptional shape and dimension through her top, rib, and hindquarter while still maintaining the structural flexibility needed to stay functional and correct on the move. Storm is the kind that blends performance and quality in a way that is rarely combined—she is heavy constructed and high capacity, yet still clean in her lines and athletic in her design, giving her both power and practicality in one package. From the ground up she is built to generate impact, standing on a strong, durable foundation that supports longevity, productivity, and the ability to raise calves with added growth, substance, and real-world value. She carries herself with authority and natural dominance, the kind of presence that suggests she will not only produce but consistently move a program forward through the strength of her offspring. Her pedigree adds even more depth, being sired by LMC LF Polled Godfather 187/0, a son of LMC LN Polled Pappo 136/6 (PP) and out of a daughter of LMC Polled Madison and LMC LF Polled Karu 188/4, stacking in proven genetics tied to structure, muscle, and functional performance. On the bottom side, she is out of LN Raynebow 94/4, a daughter of +FCC Cash In The Sting and further influenced by a +Mr. 3H X-Ray 825 daughter in LN Polled Rayne 191/1 (P), bringing in additional power, consistency, and maternal strength. When it all comes together, DMC Lady Storm 1/6 (P) is a high-impact female built to add force, growth, and genetic progress to any program serious about advancing performance and producing cattle that excel in both quality and payweight.

Ms. WH Big Hat 145 (P) is a female that brings a true power-and-performance presence to the forefront, built for breeders who value substance, functionality, and real-world earning ability in their cow herd. She is big outlined and stout constructed, carrying natural width and shape through her top, rib, and hip while maintaining a correct, practical structure that keeps her moving freely and comfortably. Big Hat reads as a performance-oriented female first—built with the kind of body and muscle expression that translates directly into added payweight, growth, and utility in her calf crop, without sacrificing soundness or longevity. She is a more rugged, easy-doing type that emphasizes efficiency, fertility, and maternal productivity, making her especially valuable in environments where cattle are expected to work and last. From the ground up she is solid and dependable, offering a durable skeleton and the kind of built-in resilience that supports long-term production across different conditions. Her pedigree adds meaningful depth, being sired by RF Razor's Pablo 45/1, an own son of +#Nioka Pablo (PP) and the Register of Renown female +CT Ms. Nannie Mae Rhineaux, bringing in proven influence known for performance and maternal consistency. On the bottom side, she is out of Miss WH Big Hat 50, a daughter of Mr. DB Georgia D363, further reinforcing a practical, work-oriented genetic base. When it all comes together, Ms. WH Big Hat 145 (P) is the kind of female that adds real substance and commercial value to a program—built to generate functional, growthy, productive cattle while holding together the kind of structure and consistency that keeps a cow herd moving forward profitably over time.

PF HK Betty is the type of female that instantly captures attention with her striking silhouette, refined presence, and the kind of natural quality that makes elite red Brahman females so hard to find. She carries herself with confidence and elegance, blending femininity and body shape into a smooth, balanced package that offers both visual appeal and practical usefulness. Betty is deep sided, long fronted, and built with a clean, angular look that transitions into the volume and capacity needed to become a productive brood cow later in life. Her pedigree adds even more excitement, being sired by Porters Redstroke 187 and out of the HK Visa Alabama daughter PF HK Ms. 3X1. On the maternal side, she is backed by PF HK Ella Mae, another daughter of HK Visa Alabama, tracing to the influential HK Visa 539 and Miss Temple Hill 130. Not only does she offer elite phenotype and proven genetics, but she also ranks in the top half of the breed for BW, Milk, Docility, and Marbling, making her a female with both visual and genetic value. If you are searching for a red Brahman female that combines elegance, production potential, and long-term breeding value, PF HK Betty deserves serious attention on sale day.

MISS INFINITY 158 (158)

There are females that simply blend into the crowd, and then there are females like PF HK Temu that demand a second look every time they step into the pen. She is built with an incredible combination of look, balance, and brood cow potential, offering the kind of completeness that works in every direction. Temu is smooth shouldered, level topped, and exceptionally attractive in her overall design while still carrying the depth, rib shape, and maternal body needed to make a long-lasting impact in production. She offers a stylish, eye-catching profile without sacrificing the functionality and soundness that serious breeders value most. Her sire, Porters Redstroke 187 combines the proven HK Visa Alabama female line through PF HK Ms. 3X1, while the bottom side traces back once again to HK Visa Alabama through PF HK Peterbuilt, stacking generations of proven red Brahman genetics into one pedigree. Genetically she offers additional strength by ranking in the top half of the breed for BW, Milk, Docility, and Marbling, giving buyers confidence that she combines phenotype with measurable production traits. PF HK Temu is the kind of female capable of elevating a breeding program through quality, consistency, and long-term donor potential.

For breeders looking to add refinement, maternal value, and proven red Brahman genetics into their herd, PF HK Macy offers an opportunity that is hard to overlook. This female is exceptionally feminine and elegant in her design, carrying a long, smooth body pattern with the kind of balance and eye appeal that naturally draws attention. She combines softness and broodiness with enough structural correctness and functionality to remain productive and dependable over time. Macy has the look of a female that can compete today while developing into the kind of cow that generates lasting value for years to come. Her pedigree is loaded with respected breeding influence, being sired by Porters Redstroke 187 who is out of the and the register of renown sire, +SRS Red Stroke 522. On the maternal side, PF HK Macy further reinforces the strength of the HK Visa Alabama lineage, tracing back to HK Visa 539 and Miss Temple Hill 130. Along with her impressive phenotype and pedigree, she ranks in the top half of the breed for BW, Milk, Docility, and Marbling, adding even more confidence in her ability to produce functional, marketable offspring. PF HK Macy is the type of female that offers style today and breeding value for the future.
